MAZES

Come spend some quality time with your family and friends in Oklahoma's most unique setting. Try to find your way through a 300,000 sq. ft. living **Field Maze**. Six colored flags, an observation bridge and four exits are there to help you. Become a master mazer by navigating through without a map. For extra fun, navigate the mazes on Saturday night with a flashlight.

For high adventure, try our six acre, "**Jungle Maze**." No flags or maps to help you through this one.

Feel a little overwhelmed by the size of our field mazes? That's alright, we've got plenty of things to do.

Every year we build a new and exciting "themed" **Hay Bale Maze**. Made with over 2000 square bales, this maze is perfect for children and adults of all ages. If you have never mazed before this is the place to start. Some of our themes have included, a castle, the State of Oklahoma, Ft. Apache, a tractor and a space shuttle.

We even have a "**Tot Maze**" catered to children 3 and under. It is housed in our 50 year old round top barn right next to our petting zoo.

ACTIVITIES

If mazes just aren't your thing, we still have plenty for you to do. We have a large **Playground** with a play set, a huge sandbox, a volleyball court, basketball goal and a hay bale pyramid to play on. Picnic areas nearby make an ideal spot to watch the children play.

Are you interested in fall decorations? Weather permitting, we have a **Pumpkin Patch** with many different varieties of pumpkins, gourds and indian corn.

Do you love animals? Maybe the **Petting Zoo** is right for you. You can pet a variety of animals including, miniature cattle, horses, goats, sheep, ducks and chicks just to name a few. Kids of all ages will be delighted when these cute animals eat right out of their hands.

Would you like to dig for "COWASAURUS" bones? We have a **Dino Dig** with bones a plenty to find.

How about a **Hay Rack Ride**?

GROUPS

DaZe in a MaZe is a great way for school groups, scout troops, day care classes, church groups and every group in between to spend an afternoon or an entire day together. Opportunities for fun, learning and confidence building abound!

DaZe in a MaZe offers outstanding opportunities for Boy Scouts & Girl Scouts alike. Leaders will find a unique medium to work on merit badges, creative decision-making, problem solving and teamwork skills as they work together to navigate through the mazes.

Educators will appreciate the teaching opportunities a field trip to a working farm will present to school aged children. We can do as much or as little as you want. Make sure to bring your sack lunch and stay awhile. We do have a **Concession Stand** with drinks and snacks should the need arise.

Is your church group looking for fun and fellowship for the whole family? **DaZe in a MaZe** is the perfect place for you. Book your group in advance and we can build you a fire for a good old fashion **Wiener Roast**. We have a picnic area waiting for you. Make your next Sunday School Party one to remember.

Host your next **Birthday Party** or family reunion at **DaZe in a MaZe**. You furnish the party supplies and we furnish the fun. Canopy is provided for scheduled parties. Your children are sure to remember this experience for a lifetime!
